

# Multiple Implant Supported Bridge #2-5, #10-14

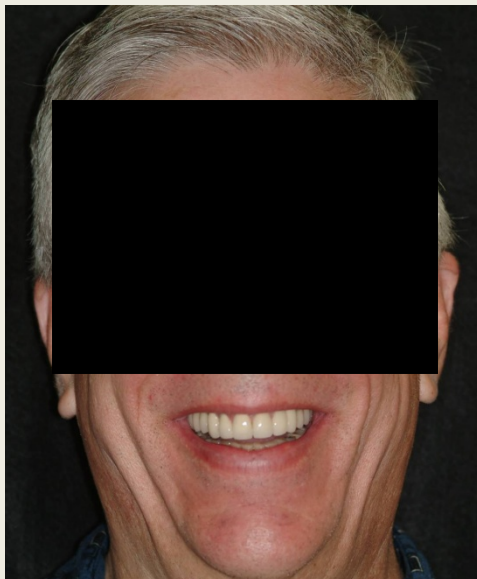

**Background:** S.B. wanted to replace his missing back teeth with dental implants. He did not want to have a removable denture and opted to have an implant supported bridge. During treatment, S.B. wore a removable partial denture. During treatment, S.B. required different procedures, ask Dr. Kubikian about more in-depth information.

**Testimonial:** “The implants actually changed my life for the better. After wearing partial dentures for 15 years, I now feel a new found freedom. I feel 25 years old again. I would do it again in a heartbeat.”
